WHO WE ARE

Bulcons Parvomay 1939 LTD is one of the leading companies in canning sector of Bulgarian food industry. The company was incorporated in 1939 and for 79 years it has been developing successful business on both domestic and international markets. In Bulcon's plant the manufacturing is based on modern equipment, state-of-the-art technologies and availability of highly qualified and permanently trained personnel at all stages of production. The product quality is constantly controlled and world standards are implemented in the manufacturing process. This enables us to offer wide range of high quality brands, meeting the demand and trends of the national and international markets.

We cater to have an unique taste of our products, using only fresh and healthy vegetables grown in clean and fertile areas.

Bulcon's products do not contain preservatives, stabilizers, coloring agents, artificial flavors, fragrances, emulsifiers, GMO.

Nielsen research for 2018 ranks Bulcons Parvomay at the **FIRST PLACE** in smooth tomato spread sales with over 57% market share.

BUREAU VERITAS
Certification

Our products are made using the evaporation process in vacuum machines at 68-70°C which further contributes to the preservation of the vegetables' natural taste and colour. We do not add any artificial colours, enhancers or other artificial additives since we care for the Bulgarian tradition and production. The state of the art production facilities of Bulcons Parvomay offer our clients high quality products combining the food safety and control requirements with maximum preservation of the products' nutritional qualities. We produce and supply of more than 20 natural products.

We are able to produce special recipes for foreign markets – under your own trademark. We answer the needs of the clients and meet the highest requirement for a quality product. Bulcons Parvomay is equipped with a laboratory, carrying out microbiological, physical and chemical tests involving up-to-date methods and equipment.

The whole production process is managed and controlled by qualified and experienced food industry professionals.

Tomato and pepper dip

The Traditional finely ground Balkan tomato and red pepper dip is present in every household in Balkan Region. It is integral part of Bulgarian, Macedonian, Romanian and Serbian cuisine. The dip is made of only ripe fresh tomatoes and red peppers, seasoned with salt, sugar, cumin, sunflower oil, onion and

Special Kids' Tomato dip

Only natural pastes of fresh and high quality Bulgarian vegetables are used in the production to reach the taste that kids love.

Coarsely Chopped Tomato Spread

Traditional coarsely chopped tomato, red pepper and aubergine spread, seasoned with salt, sugar, sunflower oil, onion and garlic is also an important part of Balkan cuisine - Bulgaria, Serbia, Macedonia and Turkey.

Spicy Tomato dip

Our appetite chili product is for those of you, who love the spicier notes in the taste. We make it with fresh tomatoes, slowly simmered until reaching dense and delicious paste. Then we add chili peppers to enrich the flavour.

Other pack sizes as per request

Tomato Sauces

We make our tomato sauces only of finely ground ripe and fresh Bulgarian tomatoes within only three months in the year. They are the perfect addition to main courses, pizzas and pasta. To satisfy our clients' need of variety we offer it in three different tastes – natural, parsley and basil.

Tomato Paste

Authentic fresh tomatoes and authentic taste – this is the secret of Tomato paste. We make it that tasty, natural and dense because of the well-tried recipe and high quality tomatoes in it.

Red Peppers Dip

We have produced red peppers dip especially for those of you who love roasted red peppers. It is a perfect balanced composition of typical roasted red peppers, tomatoes and onion.

Tomato dip in aluminum pack

Bulcons has the technical and competent opportunity to offer an aluminum pack of 50 gr and 125 gr with a cap on your design. Aluminum packaging is available in cardboard packaging for safe transport and for safe stacking in the shops. Tomato purees retain their quality as in glass jars. The new aluminum packaging offers convenience for both distribution and tomato puree customers.

HANDMADE PACKAGES

Bulcons exclusively offers a variety of glass containers. You can create a bespoke product with your own designed label and even wrap it with beautiful paper around the cap or around the whole jar. Additionally, you could personalize it with a label tag. It is a challenge to create custom glass containers and use them as an unique and original branding of your product. Add a special touch to your glass containers!

Here are some ideas and options for glass jar decoration. You are able to choose different types of glass containers, to apply your design of label and we could hand pack it for you. The options are just endless.
